

Resistor Networks

Custom Resistor Networks: Understanding the unique requirements of our diverse clientele, TFT offers custom resistor networks. Tailored to fit the specific designs of our customers, these solutions demonstrate our commitment to flexibility and customer-centric innovation.

Our resistor networks offer absolute and tracking ratios, custom resistive value pairing, and tailored circuit patterns.

Memory and Data Storage

Voltage Division

LED Backlighting

Since its inception in 1979 and joining the Juneway Group in 2013, TFT has been leading the way as a seasoned manufacturer of high-quality electronic components. Through a steadfast dedication to quality and ingenuity, TFT has built a trusted reputation of expertise focused on serving the needs of its longstanding clients and has broadened its scope and reach.

A comprehensive product portfolio allows TFT to supply diverse industries, showcasing an ability to provide custom project solutions. TFT's cutting-edge engineering innovations ensure components meet the highest performance and reliability standards. With competitive lead times and flexible pricing structures, TFT maintains a customer-centric approach focused on responding to dynamic market trends. As a leader in component manufacturing, TFT's legacy of quality and innovation continues to shape the future.
